### 'FAIR AND WARMER' FOR FOURTH OF JULY

Washington, July 3—Celebrate of  
the nation's birthday anniversary may,  
without fear of having their holiday  
marred by rain, plan their excursions  
or make arrangements for participa-  
tion in exercises or sports.  
The weather map today gave indica-  
tion of a clear day with sunshine  
over practically the entire east and  
south from the Mississippi river to  
the Atlantic coast. It will be some-  
what warmer Saturday in the New  
England states, eastern New York and  
the lower lake region but, elsewhere  
east of the Mississippi, the tempera-  
ture will remain moderate.  
Senator Kern assured the Senate  
that no attempt would be made to  
hold Congress in session over the  
Fourth of July.

sired.

### WHO SHOT MRS. BAILLEY TO DEATH IN DOCTOR'S OFFICE? WHY DID HIS WIFE USE DICTAGRAPH?

Freeport, N. Y., July 3.—Who killed  
Mrs. William D. Bailey? Why was  
Mrs. Edwin Carman, jealous of her  
husband, Dr. Carman, in whose con-  
sulting room Mrs. Bailey was shot  
to death? These questions are await-  
ing answers in the murder mystery  
which has startled this quiet little

Long Island town. Mrs. Bailey was  
apparently shot to death by a revolver  
aimed through the window of the  
doctor's office early in the evening  
after she left her handsome home  
at Hempstead to consult him about  
her health unknown to her husband.  
Dr. Carman said Mrs. Bailey was an  
utter stranger to him. He claimed

he thought the bullet was meant for  
him, but he escaped it, he said be-  
cause he ducked in time. Mrs. Carman  
admitted that she was jealous  
of her husband and had installed a  
dictagraph in his office, so that she  
could listen to what was happening  
when he had women patients.

### SAY:

Get your car tuned up. Don't let it suffer, remember that you  
will eventually suffer with it.

### SEE OUR REPAIR DEPARTMENT.

Throw that old tire away, it will get you into trouble. Imagine  
yourself on the road on a hot day with the sun beating down at a 1:02  
gait and your tire departing from active service. Wow, wow said the  
fox.

### SEE OUR SUPPLY DEPARTMENT

Be sure that your car is well supplied with gas and oil before  
starting out. Nothing is more aggravating than to be caught ten miles  
from nowhere with an empty gas tank.

### SEE OUR GARAGE DEPARTMENT

Whether you bought your car for pleasure or business, you will al-  
ways expect it to do the work you intended it for. Such being the case,  
you owe it to yourself and your car to keep it in apple pie order. Don't  
imagine the farmer who tried to curtail expenses by weaning his cow  
from eating and drinking. The cow died as you know and the same fate  
will befall your auto if you try the same practice.

If anything needed for and on your car use safe and sane judg-  
ment.
